

STAHLKONTOR HAHN

STAHLKONTOR HAHN – Your master distributor

Where *SERVICE* is not only a phrase!

Who we are

Stahlkontor Hahn (SKH) is Europe's leading stockist of seamless stainless steel tubes. Founded in 1920, SKH became part of the Mannesmann Handel AG in 1973, which then merged with ThyssenKrupp in 2000.

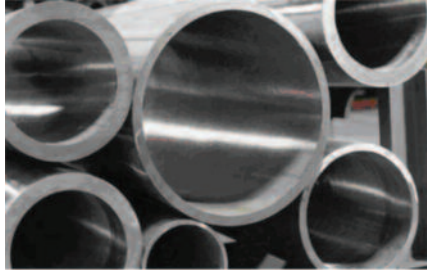

With our sales force, consisting of approximately 35 people, we serve not only all your demands for stainless, but also for carbon and alloy steel tubes!

What we do

SKH keeps a wide range of stainless grades for various applications, such as the energy sector, Oil & Gas industry, chemical and petrochemical plants as well as line pipe and construction work. We focus on high quality products and we are successfully working with Europe's most recognized premium mills in long-term partnerships. Approximately 90% of our stocks are from European production!

Our strengths

Besides our excellent assortment, which is unique regarding grade- and size-range,

we are able to offer a great variety of service extras, such as cutting, bevelling, color coding, special marking etc. With our long term technical experience, combined with a TUEV office located on our premises, we are in the position to offer almost all kind of extra testing or Third Party Inspection. PMI, tensile tests, impact testing, and more, can be performed in-house; other tests are made at external independent laboratories or at any notifying body required by the customer.

What makes the difference?

Success is driven by people!

We are most proud of our well educated and service-minded sales team, which is highly motivated to assist you with all your demands.

With quick and highly professional answers our team enables you, our

customers, to gain business and to be – together with SKH – an important and valuable part of the supply chain.

Our stock range
